

STRUGGLE BETWEEN UNION EMPLOYEES AND CHICAGO CITY RAILWAY BEGINS.

DETERMINED MEN ABANDON CARS

To Force Arbitration

Mail Cars Only Were Permitted to Run On Company's Lines Today.

Riots Were Narrowly Averted

When Attempts Were Made to Run Passenger Cars Manned By Non-Union Gripmen and Conductors---One Gripman Seriously Injured.

Chicago, Nov. 12.—At four o'clock this morning the long expected and deferred struggle between the union employees of the Chicago City and Company, began and when the residents of the south and south-west sides of the city started for their places of business they were without any usual transportation facilities. Beginning at midnight, the train men gradually took their cars to the seven miles of the company scattered throughout the system and left them there. In the shops, barns and power houses the union workers laid down their tools and quit, declaring that they will remain idle until the company consents to arbitrate the issues brought on the controversy.

Notwithstanding statements by officials of the company that no attempt would be made to run cars today except for postal service a few passenger cars were started this morning early on various lines. The result was trouble, almost instantly, the first instance reported being the intimidation and fight of non-union crew on the Cottage Grove avenue line. The cars were without passengers. That disturbance must be expected today, was predicted by the wide distribution of a proclamation by Mayor Carter Harrison warning citizens to keep off the streets along lines of the city railway. With general orders to remain in service and take no part in the strike, the men ordered and then only to protect property, details of police were sent to the various car barns. The first car started was a mail car, leaving the barns at Thirty-Ninth street and Cottage Grove avenue. It was not harmed during its entire trip.

In all two hundred and five police were detailed to the different car barns.

Following the trip of the mail car, efforts were made by the street car company to move passenger cars with non-union crews. Four trains were started on the Cottage Grove avenue line bound toward the business district. At Fourteenth street an obstruction upon the rails blocked the tracks. A crowd of strikers had assembled and shouts and jeers greeted the train crews. A shower of stones followed and the car windows were smashed. One man, a non-union conductor is said to have been injured in the first clash.

A mail car following the first passenger train was also derailed near the scene of the blockade. Besides the police detailed for service at the several barns, as many more were quickly made available to respond to emergency calls.

A car on the Wentworth avenue line proceeded north with little difficulty, until Van Buren street was reached. There its passage was blocked by trucks and delivery wagons which gathered by the score, locked wheels and refused to move.

Cars of the Union Traction Company also helped to make the blockade complete. Thousands of pedestrians

was manned by union men. The union men asserted that public sympathy was with them and pointed to the use of vehicles as evidence that their contention was true. Two omnibus companies had scores of cusses busy carrying passengers to the steam and elevated roads. In addition teamsters and drivers were carrying passengers to work from all parts of the south side to the downtown districts. The mayor's attitude is shown by a proclamation adjuring all curiosity-seekers to keep off the streets and warning against crowds.

The worst disorder of the early hours was at Clark and Van Buren streets, where two Wentworth avenue trains, followed by mail cars, were blocked. On the rear passenger

and Forty-eighth street by blocking the cable slot. Bricks and stones were hurled at the men. A riot call was sent in but the crowd dispersed before the arrival of the police.

ONE BY ONE

The Stalled Cars Broke Through the Blockades.

Chicago, Nov. 12.—One by one, the stalled cars broke through the blockades, and upon giving assurance that they would run the cars back to the barns, the crews were allowed to proceed. Wrecking crews were at work on the disabled trains, nearly every car returning with windows shattered and plentifully littered with missiles of every description. The police in many instances rode upon the platforms of the cars and frequently found it necessary to draw their clubs to drive the crowds back.

DIRIGIBLE

Paris, Nov. 12.—One of the greatest triumphs of dirigible ballooning was achieved today by the Lebaudy Bros. whose airship, in one hour and thirty-five minutes, covered the 45 miles separating Molsion and the Champ de

Mars, Paris. The balloon attained an extraordinary high speed, dashing through the air sometimes at the rate of two thirds of a mile a minute. The mean speed being 29 miles per hour.

HEAVY LOSS IN PROPERTY.

Business Portion of Iowa Town Destroyed by Fire. Loss \$300,000.

Albia, Ia., Nov. 12.—Fire that started in Loves' dry goods store, early today, destroyed a block of business houses, entailing a loss estimated at \$300,000. The fire fighting facilities here consist of only one hose wagon. The flames, fanned by a strong wind, spread rapidly to other buildings, and soon wiped out the entire block. The buildings destroyed include Loves' dry goods store, Knausbergers Dry Goods Co., Johnson's drug store, a state bank, Hawley's Lumber Co. building, two residences, a feed store and several barns.

BILL IS HANDED IN.

Payne Introduced to House This Morning the Cuban Reciprocity Bill.

Its Tenor Is to Give Effect to Treaty Signed on Dec. 11th, 1902, and Authorizes President Roosevelt to Make Exchange of Ratification.

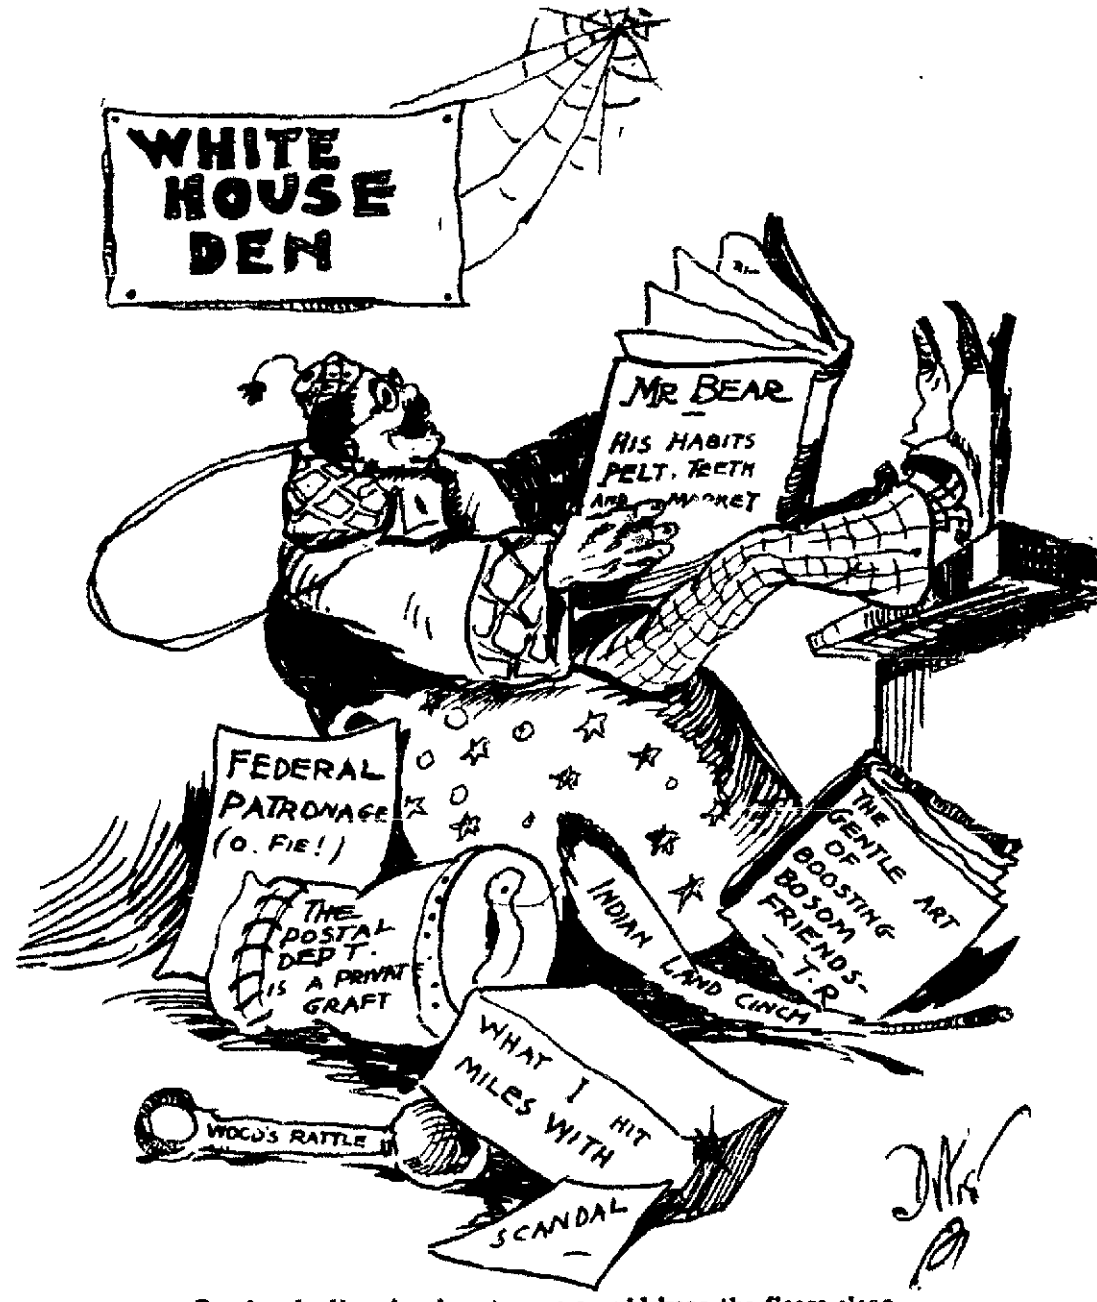

Washington, Nov. 12.—Mr. Payne today introduced in the house, a bill making effective the Cuban reciprocity treaty. The measure was referred to the ways and means committee. The substance of the bill is that whenever the president of the United States shall receive satisfactory evidence that the Republic of Cuba has made provision to give full effect to the articles of the convention between the United States and the Republic of Cuba, signed on the eleventh day of Dec. in the year 1902, he is hereby authorized to issue his proclamation declaring that he has received such evidence and thereupon the tenth day thereafter exchange ratifications of such convention between the United States and the Republic of Cuba and so long as the said convention shall remain in force, all articles of merchandise being the product of the soil or industry of the Republic of Cuba, which are now imported into the United States free of duty, shall continue to be so admitted free of duty and all other articles of merchandise being the product of the soil or industry of the Republic of Cuba imported into the United States shall be admitted at a reduction of twenty per cent in the rate of duty thereon, as provided by the tariff act of the United States, approved July 24th, 1897, or as may be provided by any tariff law of the U. S. to the Republic of Cuba and shall continue during the term of said convention, preferential in respect to all like imports from other countries.

Provided that while said convention is in force no sugar imported from the Republic of Cuba and being the product of the soil and industry of Cuba, shall be admitted into the United States at a reduction of duty greater than twenty per cent uniform rates of duty thereon as provided by the tariff act of the United States approved July 24, 1897, and no sugar, the product of any other foreign country shall be admitted by treaty or convention into the U. S. while this convention is in force at a lower rate of duty than that provided by the tariff act of the U. S. approved July 24, 1897, and provided further that nothing here in contained shall be held or construed as an admission on the present house of representatives that customs duties can be considered otherwise than by an act of congress originating in said house.

SENATE

Plunged into Discussion of Eligibility of Reed Smoot.

Washington, Nov. 12.—Immediately upon assembling today the senate plunged into a discussion of the eligibility of Mr. Reed Smoot of Utah to a seat in the senate. The debate grew out of the remarks made yesterday by Mr. Hoar, saying that the petitions bearing upon Mr. Smoot's case are as much out of place as would be similar petitions to the supreme court of the United States. Mr. Dubois (Idaho) took issue today with Mr. Hoar's remarks, and presented his views in connection with the petitions for Mr. Smoot's expulsion, which were presented by himself.

People who lives in glass houses should keep the floors clean.

DEMOCRATS WILL OPPOSE THE TREATY.

Washington, Nov. 12.—Democratic senators have determined to oppose the ratification of a canal treaty with the new republic of Panama, should the administration enter upon treaty negotiations with that country. The democratic steering committee is said to be unanimous in condemnation of the recognition the United States has given the Isthmus, though the announcement has been made that no course of objection has been definitely adopted.

FATAL WRECK ON A SOUTHERN ROAD.

Louisville, Ky., Nov. 12.—Two heavy freight trains, one of them a double header, collided in a dense fog near Newhope, Ky., on the Knoxville division of the L. & N. early today. Engineers Graves, Conner and Sturges and firemen Reynolds, Leyden and Leach were killed. Head brakeman R. E. Hume fatally injured and brakeman Abner Winkler badly hurt.

The trains met on a reverse curve at the top of an embankment 30 feet high. The three engines were completely demolished and nearly every car of both trains, loaded at the foot of the hill. Fire soon broke out and 15 cars of merchandise and coal was destroyed. Special relief trains were sent to the scene and the bodies of the trainmen were recovered. Hume had his jaw torn off and was otherwise badly hurt. The corps of rescuers had, after much difficulty, taken Hume from under a car of coke and were bearing him toward the special train when a carload of gun powder, reached the flames and exploded with terrific force.

Fortunately none of the rescuing party were injured. Brakeman Winkler, jumped and was badly hurt.

Passengers are being transferred around the wreck. It will be late this afternoon before the track can be cleared.

WITHOUT A QUIVER SHE TOOK SENTENCE.

Marvelous Exhibition of Nerve Shown by a Woman Convicted of Murder. She Will Serve a Life Imprisonment.

Grand Rapids, Mich., Nov. 12.—Mrs. Nancy Jeanette Flood, convicted yesterday of the murder of John London was today sentenced to life imprisonment. She took the sentence without a quiver, in keeping with the most marvelous exhibition of nerve ever shown in the criminal history of this county.

To Barney Fingleton, her alleged companion in the crime, she said: "Well, Barney, they beat us," as though discussing the outcome of a justice court suit for debt.

CANNON HAS NAMED THOSE

Who Will Constitute the Committee on Ways and Means.

Washington, Nov. 12.—Following the reading of the journal in the house today, Mr. Ball (Tex.) was sworn in. The speaker then announced the ways and means committee as follows:

Republicans—Messrs. Payne (New York), Daisell (Pa.), Grosvener (Ohio), Tawney (Miss.), McCall (Mass.), Babcock (Wis.), McCaff

Democrats—Messrs. Williams (Miss.), Robertson (La.), Swanson (Va.), McClellan (N. Y.), Cooper (Tex.), Clark (Mo.).

Chairman Payne of the ways and means committee will call that committee together tomorrow to consider the Cuban bill.

Which Will Induce Consumers to Re- vive the Iron Industry.

time. In hoops and bands there has been a reduction of \$5 and \$6 per net ton, and in the tin plates, a reduction from \$3.80 per box at mill, to \$2.60, has just been announced.

It is quite evident that in these branches, the manufacturers have started out to find the level at which consumers will take hold with the evident conviction that a good deal of desirable tonnage is being held back.

In other branches after a good deal of discussion radically different opinions seem to have prevailed. This is notably true of steel plates and structural shapes. The point is made that prices were kept down during the boom, and that the decline in raw materials has really brought them back to harmony with the old prices on finished material. To the industry at large, the decision means at least some if possible not much, restriction of consumption.

Rube walked into the den, picked out the largest one of the bunch and put the king of beasts a rap in the jaw that made the brute howl. The lion resented the abuse by sinking his teeth into Rube's left hand, and from the latest accounts the wound is giving the big pitcher no end of trouble.

Acted as pilot on an excursion steamer on the Ohio river at Mayeville, Ky., and saved the life of Rachel Acton, the leading lady of the company.

of the suffering and danger in store for her, robs the expectant mother of all pleasant anticipations of the coming event, and casts over her a shadow of gloom which cannot be shaken off. Thousands of women have found that the use of **Mother's Friend** during pregnancy robs confinement of all pain and danger, and insures safety to life of mother and child. This scientific liniment is a god-send to all women at the time of their most critical trial. Not only does **Mother's Friend** carry women safely through the perils of child-birth, but its use gently prepares the system for the coming event, prevents "morning sickness," and other discomforts of this period.

Sold by all druggists at \$1.00 per bottle. Book containing valuable information free.

MOTHER'S FRIEND

The Bradfield Regulator Co., Atlanta, Ga.

Is an ordeal which all women approach with indescribable fear, for nothing compares with the pain and horror of child-birth. The thought robs the expectant mother of sleep, and casts over her a shadow. Thousands of women die during pregnancy robbed of safety to life of mother and child. To send to all women at the birth of their child, does Mother's Friend do good, but its use before birth, prevents the "morning sickness."

A report from Marion, Ohio, is that the Erie railroad company has purchased ten acres of ground in the vicinity of the round house at that place, and will extend their yard facilities. Another rumor is that they intend erecting an extensive repair shop. Of the transactions the Huntington Journal of yesterday says: "A gentleman who is in the employ of the Erie has just returned from an extended stay in Marion and he says the deal was made Friday. Those Huntington who are in a position to know of such a transaction say they know nothing of it. The deal could be transacted through the east offices. No hesitancy is expressed that such a move would not be made. One foreign Erie official, on being asked of the matter said that he did not know of such a deal, but that he did know that the company was crowded for yard room and with the present facilities it was unable to handle all the business down to the road at Marion."

Birthdays Social.
In honor of the fifteenth anniversary of Miss Zella Boyer a crowd of about twenty-five of the schoolmates gathered at her home on North Pine street and spent several hours at games, music, etc. Among those who enjoyed the festivities were: Miss Zella Boyer, Alpha Johns, Mary, Frances Davis, Alpha Johns, Mary, Sam Baumgardner, Mr. Young, Gordon Davidson, Joe Miller, Fred, Phil and Raymond Young.

Two Sick Sisters.
At the Workmen home on South Main street, are two cases of similar affliction. For several days Miss Zella Workman has been ill of a cold fever and is reported as no better this morning. Yesterday Miss Zella, who is a stenographer at the Commercial Co. office took sick.

Farewell Reception.
Yesterday evening about fifty friends and neighbors gathered at the home of Mr. and Mrs. E. C. Ring, on South Elizabeth street, and tendered Mrs. Leonard Dilzer a sister to Mrs. Ring, a farewell reception, prior to her leaving Lima for Delaware, Ohio, where her husband is employed. Mrs. Dilzer had called on a lady friend for supper, and upon returning to her sister's, was surprised to find the house full of guests. After being told the nature of the event, Mrs. Dilzer and all present enjoyed the evening at games and music. The "Coon Club" quartette gave a few numbers, as did Miss Lida Hammond, in a very pleasing manner, after which a two-course lunch was served.

MORE MEN OUT.
Philadelphia, Pa., Nov. 12.—As the result of a strike of eighty-six glaziers the J. P. Mathiew & Co., glazed kiln factory will suspend operations, this week, and about 700 hands will be rendered idle. The glaziers are piece-workers and complain that the firm has handled large sized skins which required more labor and time and on which they cannot make fair wages without an advance from the old scale of 10 cents a dozen all sized to 12 cents a dozen. They offered to compromise on 11 cents a dozen, but the firm declined.

John H. Mathiew, head of the firm states that he will discharge all of his employees and while the factory is closed, will establish a training school for unskilled workmen who, when they learn the trade will be given the places of the old hands.

THE STAGE.
It will be a long time before the theatre-goers of Lima will have an opportunity to see such a great attraction as "Why Women Sin," which comes to the Faurot opera house tonight. Equipped with very beautiful scenery and endowed with novel sensations, this powerful society melodrama is one of the prettiest and purest plays ever written. The great fight on the stairs, the duel in the dark and the soul stirring climax in front of Trinity church in New York are scenes long to be remembered. The company is a large one, there being seventeen speaking parts. Among the principal artists are Ada Wagner, Edward Lester, Fred Allyn Fritz Adams, Alice Davenport, Luke A. Miller and Little Helen.

At the Faurot opera house tomorrow night, a dissection of "The Telephone Girl" will show the marked ability of its author and composer and their capability for evolving entertainment from their ideas. Each character in "The Telephone Girl" is a distinctly original creation, thanks to the brain of Hugh Morton, while each musical number is a gem. Hans Nix is the character of a generation. Estelle Coocoo was a new departure of sautees, eBauty Fairfax, Snuffles and Toots were all deviations from the beaten path. "The Telephone Girl's" stability is evidenced by its seven years of presentation, each season being an improvement over the one before. For the coming tour Manager Pionia has outdone himself in providing generally an excellent company of principals, a handsome lot of show girls and an entirely new scenic investiture. "The Telephone Girl" is now in better hands than ever and is sure to receive a highly interesting interpretation. The company includes Miss Bloom, Nellie C. Lyons, Benjamin Courtney, Edward Lehay and Jules Burnett.

"Little Colds" neglected, thousands of lives sacrificed every year. Dr. Wood's Norway Pine Syrup cures little colds—cures big colds too, down to the very verge of consumption.

Winning the Goal.

The goal of this business is to dress the men of this town and vicinity with the best clothes your money, or our money, will buy. It's a worthy ambition for any business house; and we believe we have won the goal, in the judgement of all good dresser. The best strike in that direction was made when we put in the famous

Hart, Schaffner & Marx

line of Suits and Overcoats. In the matters of style, of quality, tailoring, fit, you will find no clothes so good as these.

We should like an opportunity to show you some of these H S. & M. garments; if you try on one of the suits or overcoats you'll pay for it rather than give it up. You ought to see the best of these goods:

SUITS AT \$12 TO \$25. OVERCOATS AT \$12 TO \$35.

Sumptuous, luxurious clothes; you can't find better anywhere, nor as good elsewhere in town. We are winning the goal; you are a part of the goal; we shall win you if you see the goods.

Boys' Clothing.

At no time within the existence of our store have we shown as beautiful a collection of Boys' Clothes. Every style, every weave, every design ordained by fashion as proper for this season's wear. Peter Thompsons, Russian Blouses, Sailor Blouses, Norfolks, Two Piece Suits, etc., \$1.50 to \$8.00.

THE WEATHER.

Washington, Nov. 12.—Ohio, partly
cloudy and warmer tonight, snow and
colder Friday.

They may put Morgan, the man who
knows more about the feasibility of
the Isthmian canal route off the senate
canal committee, but they cannot
close his mouth.

The European press, diplomats and
statesmen have said a word about the
Munroe doctrine since the flare up
in Panama, in which this country
seems to hold a dominant hand.

With the present enthusiasm over
the purchase of a service for the
hatchship Ohio, there is every indica-
tion that it will be well supplied
with powder cups and pitchers. And
it is but little creditable to the people
of this great state.

McCLELLAN A MAN.

In the last speech delivered by him
in the recent New York municipal
campaign, Mayor-elect George B. Mc-
Clellan said:

"Before I close, I wish to express
the sense of indignity which I have
suffered in this campaign; it is, I be-
lieve, the only painful feeling which
shall outlast the decision of the peo-
ple's vote at the polls. The name I
bear was borne more worthily by an-
other, who has long since been gath-
ered to his fathers, after a life which
I love to believe was one of unselfish
devotion to his country and of loyalty
to his Master. I assure you, my
fellow-citizens, that not for all the
honors of this world nor for any sta-
tion, however high, would I dishonor
it. In this campaign a man has
dared to assert that I have dishonored
it. I rejoice to say that among all the
factionists who have supported the
cause of my political enemies, there
was but one mouth foul enough to add
this atrocious slander, and I could
not forbear, at the end of this cam-
paign, publicly taking notice of him to
assert this expression of my con-
tempt."

Wm. Traverser Jerome was the
author of the calumny against Mr. Mc-
Clellan, and his answer to it brands
him every inch a man, and a gentle-
man entitled to respect and admira-
tion.

**DURING GALE
BIG STEAMER**

Collided With Draw Bridge and
Badly Damaged It. Another
Ruined It.

Toledo, O., Nov. 12.—During a heavy
gale today the big steamer Luzon col-
lided with the draw bridge of the
Wheeling and Lake Erie road over the
Maumee badly damaging the bridge.
A little later the steamer Centuria
was blown into the bridge, completing
the wrecking of it. Neither vessel
suffered much damage. The draw is
completely demolished, and so bent
and twisted that it cannot be restored
inside of two weeks. As the channel
is blocked, vessels in the river will
not be able to get out and traffic will
be halted. It will be fully a month be-
fore railroad traffic over the bridge
can be resumed. The financial dam-
age will amount to several hundred
thousand dollars.

VISIT

Of Officials of the
C. H. & D.

To Ft. Wayne,

On an Inspection of the
F. Ft. W. & W.

Brings the Citizens of the
Hoosier City to a Re-
alization

Of the Fact That the C. H. & D.
Has Brought Them Into Closer
Relations With the
Buckeyes.

The Ft. Wayne Sentinel in comment-
ing on the visit of the C. H. & D. of-
ficials to that city on their annual
inspection says:

About twenty of the Cincinnati,
Hamilton and Dayton officials, includ-
ing General Manager C. G. Waldo,
General Supt. R. B. Turner, Chief En-
gineer C. A. Wilson, Car Service Supt.
C. H. Waldo and Supt. of Telegraph
J. L. Osborn, were in the city for an
hour and a half yesterday. They
came in on a special train of three
cars over the Findlay branch at 12:15,
took dinner at the Wayne hotel, and
left over the Pennsylvania at 1:30
o'clock for Delphos.

"The gentlemen are out on the fall
track inspection trip, which com-
menced at Ironton, O., last Monday,
and will be completed next Friday
night, when the party will reach Cin-
cinnati.

No special significance attaches to
the visit to this city, but owing to the
relations in a business way recently
established between the railway offi-
cials and Ft. Wayne, it becomes a mat-
ter of importance and interest to all
of our business men and manufactur-
ers. The party represents a passenger
and freight line which is comparative-
ly new to Ft. Wayne. The Findlay, Ft.

Wayne and Western road has been in
existence a number of years, but not
until it became a part of the great C.
H. & D. system was it regarded of
any particular benefit to the indus-
trial and business interests of the city.
When it fell into the hands of the C.
H. & D., however, it opened a new
field and brought Ft. Wayne in close
connection with some of the best
cities in western and central Ohio, and
gave travelers and shippers another
route to the lakes and the Ohio river.
The management proposes to make
another improvement which will be of
inestimable value to Ft. Wayne. An
extension of the Delphos spur of the
C. H. & D. is being pushed northward
to connect with the Findlay branch, and
when this extension is completed Cin-
cinnati will be much nearer Ft. Wayne
in a railway mileage sense, than at
present.

As an illustration of the growth of
the business of the Findlay line since
it passed into the hands of the C. H. &
D., an official cited the fact that dur-
ing the fiscal year ending with Septem-
ber, 1901, when the road was under its
original management, the freight
earnings were \$12,000. During the fis-
cal year ending with last September,
when the road was controlled by the
C. H. & D., the freight earnings were
upwards of \$119,000, which is an in-
crease of 103 per cent over the earn-
ings of the year 1901. The passenger
earnings for the past year were not
equal to the freight earnings, of course
but the ratio of increase over the last
year the road was under the old man-
agement are about the same.

In addition to the higher officials
mentioned in the foregoing lines
there are in the party J. A. Gordon,
superintendent of the southern divi-
sion; S. B. Floeter, superintendent
of the northern division; W. W. Har-
ring, superintendent of the Delphos
division; C. E. Vorhis, superintendent
of the Wellston division; W. C. Shoemaker,
superintendent of the Indian-
apolis division; G. H. Graves, super-
intendent of the Springfield division;
L. F. White, engineer of maintenance
of way, and all of the roadmasters and
trainmasters.

New Officers Elected.
A despatch from Wapakoneta con-
cerning the meeting of the stock-
holders of the Sandusky Southern rail-
way in that city Monday, says that the
meeting was anything but harmonious,
and that a new set of officials were
elected. I. E. Yarnell, of Toledo, was
deposed as president, as was also S.
P. Douglas, as secretary, W. H. Wyke,
general superintendent and S. W. Mc-
Farland, treasurer. In their places

John Vanfleet, of Toledo, was elected
president, F. O. Olsen, vice president;
G. A. Smith, secretary; Lyman Means,
treasurer, and these with M. D. Shaw,
F. D. Reed, of Sidney; Joseph Krook,
of Kenton; W. W. Leighton, of Lima,
and Jason Manchester, of New Hamp-
shire, were elected directors.

New York Nov. 12.—The Clyde line steamer Cherokee arrived today from Santo Domingo with late intelligence of the insurrection. After an exciting experience with a Dominican man of war by which the Cherokee was stopped several times, on one occasion, shots being fired across her bows and on another the ship eluding the war vessel under cover of darkness. The Cherokee on her outward voyage, was met at Porto Plata on Oct. 27 by the Dominican men of war, which fired several shots across her bow and stopped her. After some parley the Cherokee was allowed to go into Porto Plata, land her cargo and mails and reload cargo. Off Macoris, the Cherokee was stopped by the same

RALLY

**Of Missionary Delegates Held
In This City.**

Sixteen of the Missionary Societies

**Of the Lima District of the
Sandusky Conference,
U. B. Church,**

**Were Represented by Fifty Minis-
ters and Other Delegates in the
Session Held Yesterday
and Last Night.**

The first district missionary rally of Lima presiding elders' district of Sandusky conference, was held at the United Brethren church yesterday. Rev. O. E. Knepp of Elida, was the presiding chairman of the convention being the member of the "Forward Movement" missionary committee from this district. This committee consists of a missionary superintendent, Miss Belle Myers of Toledo, the president of the Y. P. C. U., of the conference, Rev. A. E. Davis and members from each of the four presiding elders' districts. At the Young Peoples' convention at Galion in June of this year, a movement was started to support two missionaries. The branch pledged itself to raise \$700 a year for this purpose. Part of the plan of this movement was the holding of a missionary rally in each district.

The services began at 10 a. m. The opening devotional exercises being conducted by Rev. E. G. Stover, of Wren. O. Rev. L. S. Woodruff of Lawson gave a stirring address on the subject "We Are Co-workers With God." Mrs. Esther P. Sager of Sidney, a returned missionary from Africa, gave a helpful address on the subject of Systematic Giving. An expression of the delegates' present were others. At the close of the morning session the enrollment of the delegates was taken and it was found that 16 societies and young people.

Meals were served at the noon and evening hour by the young people of the church in the lecture room.

Wren and Elida charges each were represented by the ministers and seven delegates. Rawson had six representatives.

The afternoon session was opened by devotion led by Rev. G. W. Hawseman of Middlepoint, O. The first speaker was Mrs. Laura Davis on the subject "The Forward Movement in Lima Church." She gave an account of the death of Lily Horner of the Lima Y. P. C. U. and the dollar that was given after her death to be used in the society. How this had led the society to pledge \$50 for the "Forward Movement" and now the family had given \$50 themselves for this purpose. Other addresses were made during the afternoon by Rev. H. H. Spachlin of Harrod, by Rev. J. G. Huber of Dayton, the general president of the Y. P. C. U., by Rev. J. E. Fout of Fostoria, State President of the C. E. Union, Dr. W. H. Parent read a well prepared paper on "Our Missionary in Japan" by Rev. A. T. Honard. Pledges were taken at this session from twelve societies amounting to \$317.50 or nearly one half of the \$700 for the whole conference. Lima society pledging \$100, one seventh of the whole amount \$72.50 of this amount has been paid.

At the evening session addresses were made by Rev. J. W. Lilly D. D., of Hicksville, O., and Rev. A. F. Laughbawn D. D. of Columbus Grove. The devotions were conducted by Rev. J. P. Hight of Rockford. The address throughout was of a high order of excellence and a rare devotional and fraternal spirit was manifest. The rally was in all respects a very pleasant and successful occasion.

PROBATE

**Court Sustained in Lip-
fert Will Case**

**And Unless Reversed Above
Property Will Be Sold,**

**Thus Carrying Out the Wishes of
the Deceased—Former Execu-
tor Issued Quit Claim
Deeds to the Heirs.**

The decision of Probate Judge Miller in the case of T. F. McElroy administrator de bonis non vs. Wm. Lipfert has been sustained by the common pleas court and if it stands the fire of the higher courts, where the case is likely to go it will mean a new disposition of the property in which the several heirs of Wm. Lipfert are interested.

The litigation first came into common pleas court in 1899 on the application of one of the heirs to have the executor of the will discharged, and this was done. But the court went further and granted the prayer of the petitioners who desired to retain possession of the property instead of having it sold at the end of three years as the will provided. The executor filed his final account and was instructed to issue quit claim deeds to the heirs.

The decree of the court stood until Mrs. McElroy with one of the other heirs applied to the probate court for the appointment of an administrator de bonis non and asked that the terms of the will, providing for the sale of the property be carried out. The defendants filed an answer and cross petition setting up that the common pleas court had disposed of the case, as related above and did so for the best interest of the heirs. To the answer and cross petition a demurrer was filed to the effect that the court above had no authority to change the construction of the will, and that the provision that the property should be rented for three years, and then sold, and that the proceeds be used to purchase a home for each of the heirs, should be carried out. Judge Miller sustained the demurrer and he in turn has been upheld by Judge Cunningham in his decision.

RECEPTION

**To Those Who Made Possible
the Retention**

**Of the Lima Locomotive and Ma-
chine Works Was a Great
Big Success.**

Regardless of the inclement weather the reception at the Lima Locomotive and Machine Co. yesterday afternoon was a success and visitors who had subscribed for lots in order to secure the enlargement of these works were well pleased with the results of the first year's progress. The Lima Locomotive and Machine shops are the growth of the old Lima Machine Co., which began business about thirty years ago. Under the present management Mr. A. L. White, president and general manager, Ira P. Carnes vice president, W. T. Agertel secretary, M. Cobley, superintendent and P. H. Agertel, general foreman, the works have grown to a plant employing nearly 600 men with a monthly pay roll of over \$33,000. Lady visitors were given carnations while gentlemen received San Felipe cigars. Guides directed the guests through the various departments.

The erecting department, under the foremanship of V. Connelly has 12 new engines under course of construction and is running day and night. Mr. Frank Reck having charge of the night shift. Chris King is overseer of this department while W. L. Ben dure looks after the tool room.

The blacksmith department in charge of Robert Miller is equipped with modern furnaces, forges, five steam hammers, in fact everything for convenience.

The boiler shops are in charge of Harry Fisher and there are now one dozen boilers being fitted up to be forwarded to the erecting department. The planing mill department is in the hands of J. W. Westlake and is kept neat and clean at all times.

The moulding department or foundry is in charge of D. S. McDonald, foreman, and Jacob Wolf assistant.

Lima people are justly proud of these new shops and are anxious for another opportunity to visit them and note various improvements and additions now being planned.

The lecture on Christian Science is free. Everybody invited. 5-21

HELD

To the Court of Common Pleas, And in Prison

He Will Await Action of Grand Jury.

Bert Farnham, a Hostler, Arrested for Accosting Little Girls.

Affidavits Filed Against Two Youths Charging Them With Stowing C. H. & D. Trains— Police Notes.

Bert Farnham, aged 32, who has been employed about the city for some time as a hostler, is a prisoner in the county jail, awaiting an investigation by the grand jury of charges that were filed against him in mayor's court this morning.

Early last evening, Eva Cates and Gertrude Smith, aged about 12 years each, while delivering a family washing from the home of the former in the Rowland's addition, were accosted by Farnham. The act was detected by the Cates' girl's father, C. R. Cates, of Rowland's avenue, who protected the girls and then reported the case to the police. Farnham was arrested by acting night sergeant Fennemaker, and this morning an affidavit was filed in mayor's court, charging the prisoner with having used indecent language in the presence of the two little girls.

When arraigned, Farnham pleaded not guilty, and a preliminary hearing was held immediately. Sufficient evidence was introduced to warrant handing the prisoner over to the grand jury and in default of bail in the sum of \$500, he was sent to the county jail in Police Circles.

Affidavits were filed in mayor's court this morning by detective J. B. Walls, of the C. H. & D. who charges Grover Drew and Lennie Morningstar, two fourteen year old boys, living on the north side, with having stowed a C. H. & D. train. The boys have been notified to appear.

Last evening, stones were thrown at conductor Messler's caboose and one of them went through a window and narrowly missed the conductor's head.

Stolen Goods Found.
Marshal Kramer, of Mt. Cory, was in the city today, in search of some hardware that was stolen several months ago at the village of Arlington. He had traced a box of hardware from Arlington to Findlay, from that place to Gilboa, then from Gilboa to Toledo, and from the latter place to Lima. The goods were found in the C. H. & D. freight depot, in this city consigned to some one under the name of Miller. The supposed thief is a man who gives his name as Edwards, who is now in jail at Mt. Cory.

charged with horse stealing.
A "Strong Arm" Bunch.
A trio of well known crooks made the rounds of the town yesterday afternoon and last night and together with drunken misconduct abuse and attempts to work flim-flam tricks on persons whom they supposed had "rolls," they managed to create disturbances in three different bar-rooms. The matter was reported to detective Hugh Patton, upon his return from Toledo, this morning, and some arrests are very probable.

SURPRISE

Tendered Mrs. W. H. Holman by a Party of Friends.

At the home of Mr. and Mrs. W. H. Holman, one and a half miles south of LaFayette, in Jackson township, Saturday evening, Mrs. Holman was surprised by a party of friends who called to celebrate her 49th birthday anniversary. Well filled baskets were taken to the home by the unexpected guests, and an excellent supper was enjoyed.

During the evening, phonograph music was furnished by Mr. Fred Adam. Mrs. Holman received a number of handsome presents.

Among the guests present were: Elizabeth Fisher, Mr. and Mrs. W. H. Custard, Mr. and Mrs. W. H. Fisher, Mr. and Mrs. Jake Hawk, Mr. and Mrs. N. Troup and family, Mr. and Mrs. J. Drumm and family, Mr. and Mrs. J. Adam and family, Miss Lulu Drumm, Miss Flossie Troup, Miss Bessie Smith, Mr. Charles Hawk and Mr. Geo. Warner.

GRADUATES

Of Lima High School Are in First Rank.

Inspector From Ohio State University Satisfied With the Work and Methods.

W. W. Boyd, of Columbus, who is employed by the Ohio State University to visit the high schools of the state and report on the work and standing of the pupils, was in Lima on his tour of inspection, yesterday. Mr. Boyd spent the day in personal investigation of the curriculum and the methods of teaching, and before leaving, expressed himself as thoroughly satisfied with the splendid educational work being done in Lima.

A graduate of the Lima high school in good standing, is privileged to enter the Ohio State University without the necessity of an examination as to fitness, but it is not the case with the high schools in some other counties, and the university employs a high salaried man to keep in touch with the situation.

POST OFFICE BADLY LOOTED.

Quiet of the Village of LaFayette Was Broken Early This Morning.

Robbers Blew Open Postmaster's Safe and Secured About Four Hundred Dollars in Money and Postage Stamps. No Clue.

About 1 o'clock this morning, the village of La Fayette, nine miles east of this city, on the P. Ft. W. & C. Ry., had a rude awakening from the tranquility and air of restfulness which always pervades it.

Suddenly there pealed out on the night air the noise of an explosion that set church bells jingling, window sash rattling and houses to shaking. Fellows unknown furnished the early morning diversion. Under cover of darkness they came, visited the post-office, put dynamite around the cracks of the safe door and lock, blew the latter from its moorings, took about \$400 in money and three hundred dollars in stamps and left without any ostentation or further demonstration.

A careful searching this morning of the grounds and homes surrounding the postoffice which is a small building rather isolated in its position, showed that sentinels had been posted at each residence to prevent interference.

A Mr. Richardson who lives just south of the postoffice, an alley inter-

vening, went to the door, and was promptly told by the man on picket duty, that he had better keep his head inside if he had the least desire to save his brains.

There is not the slightest clue to the identity of the perpetrators of the bold deed.

Mr. L. Contris, who lives at the northwest corner of the village, said this morning that he thought he heard the desperadoes drive into town from the north, and then leave going the same direction.

Before blowing the safe the thieves visited the stables of Chas. Tullis nearby, and stole a new set of harness.

Mr. J. L. Heath, who is the postmaster at La Fayette has notified the postoffice department, and an inspector will be sent to ascertain the exact loss.

A government official who was in this city yesterday made the statement that the fellows who did the Columbus Grove postoffice robbery were about ferreted out.

FROM

Jail to the Court Room

The Prisoner

Indicted for Pocketpicking Was Brought

And It Depends on the Jury Whether He Will Be Taken Back.

Wm. Biddinger Identifies Frank McDonald as One of the Party Who Assisted in Taking His Pocketbook.

Interest today centered in the trial of Frank J. McDonald, one of the 3 men, (and the only one in custody) who were arrested at the C. H. & D.

depot, October 3, for picking the pocket of H. W. Biddinger, of West Minister. McDonald's alleged companions, Henry Baker and Henry Johnson gave bond for their appearance but failed to show up for trial.

McDonald denies that he was a member of the party, and declares that although he was arrested in the jam on the train, that he was innocent of any attempt holdup.

On the other hand, he was identified at the police station, and again in court this morning, by Mr. Biddinger, who says that McDonald first jostled him when he was buying his ticket, and again had his arm on his shoulder when the theft was committed on the C. H. & D. train. Mr. Biddinger says that part of the men followed behind him as he got on the front end of the car, and the others went round and came up the aisle to assist in the crush, and make it an easy matter to secure their victims' pocket book, which the spotted had seen him place in his hip pocket after the ticket was purchased.

McDonald says his home is in Tacoma, Wash., but that he had been working in Toledo. When caught he says he was in the act of leaving the C. H. & D. train to transfer to the Lake Erie and Western, that he carried an overcoat on one arm and a heavy grip in his right hand.

The City Appeals.

The city has appealed from the decision of Justice Mowen in the action for damages brought by Charles H. Chappell. The latter secured a judgment against the city for injuries to a horse which fell in a ditch across Elizabeth street, at the intersection of Kibby, the accident occurring June 30, 1903. The claim was made that neither guard or lights were placed at the crossing, and while bringing passengers from the Erie depot, the driver ran into the ditch. No defense was made by the city in justice's court, and the amount claimed, \$48.25, was allowed. Becker & Becker represent the plaintiff.

An Anti-Trust Action.

Several prominent attorneys arrived in Lima today to argue a case of considerable importance before the circuit court, it being one in which former Attorney General Monett is interested under the Valentine anti-trust law, and concerns the International Harvesting Co. and others in the alleged combine.

The defendants, represented by counsel from Cleveland, seek to have the service quashed on the ground that service was not and could not legally be had in Wyandotte county, where Mr. Monett was present with other counsel to argue his side of the controversy.

Two Unfortunates.

Probate Judge Miller held an inquest yesterday evening and adjudged Mrs. Fannie Louth, of Spencerville, insane. Application has been made to have her admitted to the asylum at Toledo.

An inquest will be held tomorrow at one o'clock to inquire into the condition of mind of Mary Shea, who is alleged to be insane.
